### REMARKS/ARGUMENTS

Applicants appreciate the telephone conversation with the Examiner on October 14, 2005. During the conversation, the Examiner indicated that Claims 1-19 and 26-44 were viewed to be directed to a different invention than Claims 20-25 and 45-50. Therefore, Claims 20-25 and 45-50 have been cancelled without prejudice to presentation in a divisional application. Claim 1 has been amended to further recite presenting the suggested outbound and inbound itineraries for review, and Claim 2 has been appropriately amended. Similarly, Claim 26 has been amended to further recite a display element for presenting the suggested outbound and inbound itineraries for review, and dependent Claim 27 has been amended accordingly. Claims 26-44 have been amended to remove "capable of" from each of the claims.

In view of the amendments and remarks presented above, it is respectfully submitted that all of the pending claims of the present application are in condition for immediate allowance. It is therefore respectfully requested that a Notice of Allowance be issued. The Examiner is encouraged to contact Applicants' undersigned attorney to resolve any remaining issues in order to expedite examination of the present application.

It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 16-0605.
